WHO WE ARE

MORE THAN A CLUB. A COMMUNITY.

Southampton Round Table No. 4 is a group of local business people who give their time, energy and networks to the city we all call home.

We are part of Round Table, the national movement for friendship, fundraising and service, and we are approaching our own centenary in 2028. For nearly a hundred years, Tablers in Southampton have turned good company into real money for people who need it.

Through the year our members run the Southampton Fireworks at Mayflower Park, take on skydives, marathons and challenges, and volunteer across the community, working alongside our friends at Southampton Ladies' Circle.

The Banquet and Ball is the centrepiece of all of it: the one night every year when the whole of that community comes together in one room, dresses up, and gives generously.

OUR CHARITY OF THE YEAR

SAINTS FOUNDATION

Saints Foundation is the charity of Southampton Football Club. It supports people in need right across our city, providing life-changing opportunities so that Southampton and its communities can thrive.

Using the power of the Saints badge, it reaches the people who feel the impact of inequality most, through projects that may never mention football at all.

Last season alone the Foundation supported over 6,500 people in Southampton, and its work has been recognised nationally, winning gold for Best Sports Community Scheme at the Sports Business Awards.

Alongside Saints Foundation, the proceeds of the night are **shared across over thirty local good causes**, so every pound raised stays here, working for Southampton.
