

Welcome to

SOUTHAMPTON ROUND TABLE 4

More Than a Club. A Community. A Lifelong Network of Friends.

WELCOME

Thank you for taking an interest in Southampton Round Table.

We are a diverse group of men from across Southampton and the surrounding areas who come together to build friendships, support our local community, raise money for good causes, and create unforgettable experiences.

Our members represent every corner of the city and come from all walks of life. Business owners, tradespeople, professionals, public servants, entrepreneurs, teachers, engineers, and many others all sit around the same table.

What brings us together isn't what we do for a living—it's a shared belief that life is better when you have great friends around you, opportunities to give back, and a community that supports one another.

OUR STORY

Round Table was founded in Norwich in 1927 by Louis Marchesi, who believed young men should have the opportunity to develop friendships, broaden their horizons, and contribute positively to society.

Almost 100 years later, that vision continues across the UK and around the world. Southampton Round Table proudly continues this tradition, combining friendship, charity, social events, personal development, and community service into one incredible organisation.

Today, Round Table operates in more than 50 countries worldwide, creating a global network of friendship and opportunity.

WHAT WE STAND FOR

Friendship First

Everything starts with friendship.

Many of our members joined knowing nobody. They stayed because they found genuine friendships, support during life's challenges, and people they can rely on.

Round Table is a place where everyone is welcomed, included, and encouraged to be themselves.

Giving Back

We're passionate about making Southampton a better place.

Throughout the year we support local charities, community groups, schools, and individuals through fundraising, volunteering, and practical support.

Every event we organise helps strengthen our city and support those who need it most.

Supporting Each Other

Life can be demanding.

Whether it's career pressures, family commitments, or simply navigating life's ups and downs, Southampton Round Table provides a supportive network of people who genuinely care about one another.

We celebrate successes together and support each other through challenges.

Having Fun

Of course, we also know how to enjoy ourselves.

From social evenings and sporting events to weekends away, international visits, black-tie dinners, family days, and community events, there's always something to look forward to.
